Professional Summary

Final-year B.Tech Computer Science student with strong computer knowledge, analytical skills, and technical expertise in full-stack development, database management (MongoDB), API integration, and data handling. Adept at interpreting content, problem-solving, multi-tasking, and utilizing digital tools efficiently. Fluent in English with strong verbal and written communication skills, ready to adapt to dynamic operational environments.

Key Skills

Programming & Development: JavaScript, TypeScript, Python, HTML5, CSS3, Tailwind CSS, React.js, Redux, Node.js, Express.js, MongoDB

Data & APIs: REST APIs, API Integration, CRUD Operations, DBMS, Data Structures & Algorithms

Core Competencies: Computer Knowledge, Website Research & Navigation, Content Interpretation, Active Listening, Verbal & Written Communication, Multi-tasking, Analytical Skills

Tools & Technologies: Git, GitHub, VS Code, IntelliJ IDEA

Languages: English, Hindi

Projects & Data Handling Experience

Placement Preparation Tracker & Analytics Dashboard

Tech Stack: JavaScript, HTML, CSS, Node.js, Express, MongoDB

- Consolidated and managed structured data to track coding questions and preparation progress using MongoDB.
- Implemented question management, data entry, and detailed analytics tracking for performance metrics.
- Developed search, filtering, and data visualization features for effective information processing.

ShopSphere – E-Commerce Platform

Tech Stack: React, Node.js, Express.js, MongoDB, Tailwind CSS

- Managed product listings, dynamic routing, order management, and electronic data distribution.
- Handled API integration and data tracking to support smooth transaction processing and UI navigation.

SkillGaps — AI Interview & Resume Platform

Tech Stack: React.js, Node.js, Express.js, MongoDB, Gemini AI, JWT, Puppeteer

- Analyzed complex text content, resumes, and job descriptions to generate structured match reports.
- Developed secure REST APIs, MongoDB data management, and automated document generation processes using Puppeteer.

College Website Clone

Tech Stack: HTML, CSS, JavaScript

- Navigated and researched website structures to build responsive UI components and clean layouts.

Education

- **Bachelor of Technology (B.Tech) – Computer Science & Data Science (CSDS)**
  Goel Institute of Technology and Management, Lucknow UP | CGPA: 7.25/10
- **Diploma – Electronics & Communication Engineering**
  Little Flower Polytechnic, Khorabar, Gorakhpur UP | Percentage: 75%
- **Class XII (UP Board)** | Percentage: 46%
- **Class X (UP Board)** | Percentage: 60%

Key Achievements

- Built and deployed multiple data-driven applications utilizing JavaScript, React, Node.js, and REST APIs.
- Demonstrated strong technical aptitude, information processing, and database integration capabilities.
